THREE-FOLD FOLDING RAMPS

National Ramp's Three-Fold Folding Ramps offer a practical solution for transporting longer-length portable ramps.

These ramps—available in 8', 10', and 12' lengths, can be compactly folded to fit conveniently in the back of a small car. This design enhances portability without compromising on functionality, making them a reliable option for users seeking accessibility solutions on the go.

Weight capacity: 800 lbs
